“ANY POODLE REGARDLESS OF COLOR, THAT EXHIBITS EXEMPLARY HEALTH TEMPERAMENT AND CONFORMATION DESERVES A VENUE IN WHICH TO BE VALIDATED”

From The President's Desk.....

Dear MCPCA Members,

Happy Birthday America! We certainly live in the most blessed place on earth! While times are challenging with the economy we still have more than most - more freedom, more food, more possessions - and more opportunities to enjoy our doggies! And that goes for our Canadian and Australian members, too!

Premier was a wonderful event. It was nice to be back in Kalamazoo. And while we had to deal with distances between activities, it was exciting to see the new building under construction. It certainly looks like it will accommodate all the rings and still have plenty of room for grooming.

I enjoyed seeing everyone - those I had met before in person and those I got to meet for the first time in person, including Chris Musson and Katy Szalasny. Katy was so excited to meet other part-poodle people. Her excitement was contagious. I also met Pat, Cilla's friend from Canada with her adorable mini. Congratulations to all on their accomplishments that weekend.

I had at least one die-hard solid color person tell me that he was impressed with how far the Multi's have come in quality. We have a lot to be proud of - it's been a lot of hard work, tears, frustration and ultimately successes. My compliments to all of you who have dedicated yourselves to quality breeding and showcasing the beauty and brains of the Multi-Colored poodles. I love the versatility of all that everyone is doing from conformation to obedience, agility to weight-pulling, dock-diving to lure coursing, sheep herding to therapy dog. I think our dogs are more than Multi-color - they are Multi-talented.

Our work is not done, though. Cilla has shared the information from the Poodle Club of Canada as they have been petitioned to accept the Multi's. Hopefully they will follow in UKC's lead. It will be another major step to ultimate AKC acceptance.

So let's keep up the good work. An important opportunity is our 2012 National Specialty. Let's work together to make it the best ever as an opportunity to showcase our breed - standard, mini and toy.

Have a firecracker 4th of July!

(PS: don't forget our annual meeting July 11th 9:00 p.m. EST - please call in and participate!)

Took a Reserve Best In Show at the Loomis, CA UKC Multi Breed Shows

May 21, 2011.

She also took back to back RWB at the Hangtown AKC shows

in Placerville, CA over the Memorial Day weekend.

She has been sitting out for over a year growing that hair.

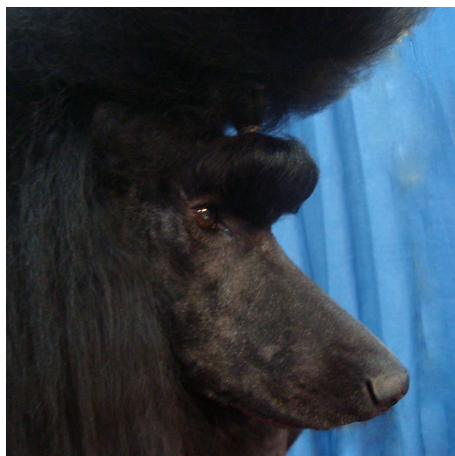

We are gearing up to get out in more AKC and UKC shows this summer.

Candy is a full sibling to my Brown boy,

CAN/BPIS/UCH Highfalutin' Hot Commodity.

Reese just got home, has 14 points towards his AKC CH.

He will be back out in August to wrap it up!

Premier Brags.....

from Kathy Esio of Jacknic Kennel

UAG1, UWP,UGR Ch Mi's Foreign Exchange at JKN.

Our girl "Gerda" won two champion classes at Premier and is now a **Grand Champion**.
Shown by my daughter Nicole.
She also won BOB from the Champion class on Saturday

"Gerda's" son "Renfield" won **Best Male** at Retriever Club Specialty and **Best Male** and **Best of Winners** on Friday at Premier to finish his championship at seven months of age, this makes five UKC Champion get for "Gerda", three are Parti and two are parti factored solids.

Our little girl "Frankie" Jacknic's Foreign Affair(Renfield's litter mate) won Best Female and best of Winners at Retriever Club Specialty and won her class everyday at Premier.

Our parti-factored male UCH Jacknic's Rolling Stone won Reserve Champion at Premier on Friday, we were thrilled with that since he is only 14 months old.

Recently had a job as a model during
Toronto Fashion week.

She graced the runway for the rug designer
Korhani...who put on a show using their
rugs to make clothing. Their show was de-
signed to showcase the rugs Not sell clothes.

It was interesting to say the least. **Sunny** got
tons of attention backstage before the show
from many, many models She had a blast.

I was expecting snotty designer types. but
was pleasantly surprised by how lovely
everyone was to us !

Performance Brags con't.....

from Karen Kearney

In **Bo-Gee's CPE agility trial in Deerfield NH**, Skye did an amazing performance.

She picked up all 4 legs of her **Standard level 2** and moves up to standard level 3.

She finally earned her **Level 1 colors title** and moves on to level 2.

She also earned her **Level 1 Full House title**.

She earned her 1st of 2 legs of Wildcard in level 2. & a level 2 Jumpers leg as well.

If you are counting, she qualified in 8 runs out of 10!

She placed several times, too. Here is how she stood:

PRACTICAL POODLE POSTSCRIPT.....

*Information contributed by Laura Turner – brownpoodles@yahoo.com

Hot Spots or "Acute Moist Dermatitis"

Hot Spots or "Acute Moist Dermatitis" Can be caused by many things. In long coated breeds such as the poodle, hot spots can start from moisture being trapped under a matted coat, irritation from razor burn, improper drying of a heavy coat, or a dog that is wearing a wet collar which will irritate an area.

The typical hot spot in poodles may start as a scab and can be mistaken for a bite or a small injury that has scabbed over. This quickly gets bigger within the day, or even the following day. The pet eventually removes all the hair from the affected area, irritating the skin, and causing a secondary bacterial infection. The lesion can be very painful and typically gives off a foul, necrotic odour. This is usually when the owner will notice a red, moist, area that may be secreting fluid.

Treatment for the hot spot should begin as soon as possible with the area being clipped free of hair and cleaned with hydrogen peroxide (3%) or another antiseptic. Fucidin Ointment (fusidic acid or sodium fusidate topical) prescribed by a Vet also works very well. Oral antibiotics are often necessary to control any secondary skin infections.

The best way to avoid hot spots with poodles is to make sure and dry the coat thoroughly especially on those hot humid days, brush regularly to avoid any mats and if you notice any scabs treat immediately with an antiseptic such as Hydrogen Peroxide.
