## From the President's Pen By Sally Eller

Summer is finally here in all its glory! I hope all of you are able to attend lots of shows and trials, and have lots of fun with your poodles and your friends and families. I am enjoying long walks in the woods with the poodles, and our lake is nearly warm enough for swimming which they love.

By now each of you should have gotten a letter presenting the slate of officers selected by the Nominating Committee. Janice Bennett, chair of that committee offers these candidates:

President	Sally Eller	New York State
Vice –President	Gloria Ogdahl	North Carolina
Secretary	Eleni Stevens	California
Treasurer	Ann Addison	South Carolina
Membership Secretary	Elizabeth Glew	Michigan

There are details in the letter about how you can nominate additional candidates. We have extended the deadline for these additional nominations to be sent to me until July 15th. Please contact me if you need more information on this. All procedures can be found in our Bylaws which you can find in the Files Section of our Yahoo Group site  
<http://groups.yahoo.com/group/UPBA/files/UPBA Documents/>

Recent news is that we are eligible to obtain our obedience license from UKC! The Board is in the process of deciding whether our first obedience trial will be in conjunction with a Rules & Regulations Seminar, or have the obedience trial with a UKC rep there to supervise and assist us. Either way, we hope that we can host an obedience trial, which will be all-breed, of course, this winter.

We have a date and location for our Fall Show! It will be held on Friday, September 21<sup>st</sup> in Hickory, NC in conjunction with the AHTA shows. Our judge will be David Arthur. Show Chair is Gloria Ogdahl, and the Show Secretary is Ann Addison. Please see the flyer for more details. I will also post the flyer in the files section of our UPBA yahoo group. Please make copies and distribute it at every show you go to! AND, make plans to attend our show--- let's make it our best show ever!

AND... we will have our Annual Meeting sometime that Friday evening. **We need as many of you there as possible...** we have to have 20% of our membership there for a quorum. Let's not repeat last year's failure to have that quorum. Annual Meetings are short and sweet!

**Bragg & Announcements**

Becky Baxter of Anutta Standard Poodles of CO announces that Moonstone's Anutta Lucky Charm received her UKC CH title, April 2007. Charm is owned by Becky Baxter and Gloria Ogdahl.

---

Marcia German reports that Kali's Lil Apacchi Rosebud earned her Rally Novice title. First leg at Watchung Mt.

Poodle Club, with a score of 97 & a first place.

Second leg at Poodle Obedience Training Club with a score of 99 & first place.

Third leg at Washington Poodle Club with a score of 97 & second place.

Rosie also earned her C.G.C. & now has 2 legs towards her A.P.D.T. Rally Level 1. Rosie is going for her first

Rally Advanced leg at P.C.A. We are very proud of her.

---

Rina Phillips announces that Ch Taj My Dawg of Melody earned his UKC Championship at the April 1<sup>st</sup> United German Shepard Dog Alliance multibreed show in Minneapolis, MN.

Ronnie Benware shares a picture of their newest addition! Her name is Benroyal Amalita From Rio

Lobo or "Aimee." She is a CH sired girl with mostly black and brown breeding! We will have her in

the UKC ring soon and AKC ring when her coat grows out! She is very sweet and we are happy to have her!

Teri Carter's little girl--Benet Black River Charm--completed in Rally Novice B at PCA and completed her title with a 94. Amelia got her first leg--first time out anywhere---with a score of 97. I am a very proud mom

---

Irma Shanahan's UCD UCH JC Pioneer Shadow Chaser CD RE VC CGC (Chase) showed in Novice B at PCA this year, and qualified with a nice 191. First place in the class was a 199, which went on to be HIT - Too bad it wasn't us.

He also took first place in Graduate Novice - sort of by default - he was the only one who did not spit out the dumbbell - but we took the placement anyhow.

Louann Currey's Blu Majic's Little Boy Blu--Cody and Blu Majic's Masquerade Mystique--Dommie, both passed their Herding Instinct test and qualified for

both fetching and driving. There were 8 pups in this litter and 4 have been tested on sheep and passed.

At the OTCH shows and trials in Harrisburg, PA: Ch Blu Majic's Princess of Genovia, CGC HIC (Mia pictured left) finished her Ch.

Blu Majic's Masquerade Mystique, CGC HIC (Dommie, pictured right) earned 2 Best of Winners towards her Ch, finished her APDT RL1 title with a 1st place and earned 2 legs towards her RL1X title.

Also at the OTCH trials...Momma Ree-- UAG2 UCDX UCH Blu Majic's Kindergarten Kop-- earned 2 legs towards her APDT ARCHEX title, which is the highest APDT rally title offered, and qualified in AG2 with a perfect 200 and 1st

place. She needs 20 more AG2 points to finish her UACH.

Dad Nicky-- FO UGRACH UOCH GRCH Tiger's Unique Magic Nicholas--was shown in Novice C, and after 8 years of not doing Novice, earned 1st place and High in Trial.

Nicky has made UKC history--he is the first dog in UKC to earn a triple Championship with a Grand Conformation Championship. And at 10 yrs old, is still competing on a regular basis.

Julie and Kirk Reed of Tiara Standard Poodles announce two litters keeping them busy! Two litters at once IS a lot of work - but oh the joy in these beauties. Some of our favorite dogs come together with these pairings.

They all have had their eyes checked before being offered for sale (CERF). They had spa/groom day - all 15 got their first baths, hand fluffing (by our assist. Duke), faces, pads, tails and nails done.

These will be smaller standard poodles (range from 17 to 22 inches). Some people call these Moyen, some Kleinpudel. We call them helping to open our line's genetic foundation and wonderful.

The Y litter has personality profiling done with superb results and is to receive veterinary health certificates with regular vet on 6/22.

 6 girls and 1 boy, 3 white and 4 true creams

All healthy, happy and just a pretty as a picture.

Elizabeth Glew and her poodles were busy at Premier! Lucy earned her UWP and Mo earned his UCD. Both had a great time doing it. Lucy is 13 inches tall and weighs 14 lb. To get her UWP (United Weight Puller) title, she had to pull at least 8 times her body weight three different times. Her weights were 154, 210, and 135. She needs 100 points to earn a UWPCh (United Weight Pull Champion) title. To get 10 points, she has to pull at least 15 times her body weight. On Sunday, she pulled 255 for her first 10 points.

Dana Mosher, Ostrander Lab

This registry is open to all Standard Poodles, living or deceased, who have had a diagnosis of "Squamous Cell Carcinoma" of the digit.

The Black Standard Poodle is one of several breeds predisposed to this type of malignant tumor.

The goal of the registry is to gather information and also to raise awareness of digital cancer in Standard Poodles. The registry will also give us a better idea of how prevalent "SCC" is among Standard Poodles.

All submissions will be treated as confidential. Names of dogs are required to establish relationships, but will never be used in any publication.

Nail-Bed Squamous Cell Carcinoma (SCC) Digital SCC is a malignant tumor that originates in the nail-bed epithelium.

Most dogs with SCC of the digit are examined because of a sore toe. Limping, swelling, bleeding/discharge, ulceration, and breaking or splitting of nails are also common complaints. SCC tumors in many dogs were preceded by chronic nail-bed infections.

Black, large breed dogs such as Labrador Retrievers, Giant Schnauzers and Standard Poodles appear to be predisposed. In these breeds, multiple digits may be involved over a course of two to four years. Each toe affected is a primary tumor, and not metastases from another digit.

Squamous Cell Carcinoma of the digit is locally aggressive, and "lysis" (erosion and deterioration of bone) is evident on X-rays about 80% of the time. Amputation of the digit is necessary to prevent SCC from spreading to adjacent lymph nodes and major organs.

Average age at the onset of SCC is nine, but Standard Poodles as young as four have been reported.

### X-Ray

X-ray of a 5 year old Black Standard Poodle with "Squamous Cell Carcinoma".

Note the tip of each toe is visible except for the one on the left. The toe (with arrow) looks as if the film is overexposed. This is actually complete loss of bone structure due to "SCC".

The x-ray below is of a rear foot with "SCC". All toes are visible except for the one on the far right.

Advanced "SCC" in a front left foot.

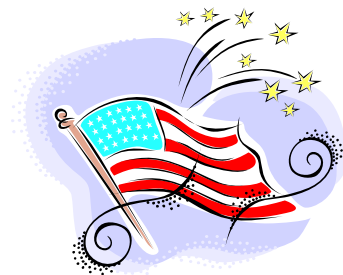

If you are interested in participating, know someone who is interested, or have questions please contact Dana Mosher, Ostrander Lab Samples Manager, at [mosherd@mail.nih.gov](mailto:mosherd@mail.nih.gov) or (301) 451-9390. For information about the Canine Genome Project in the Ostrander lab and for links to recent publications, please visit our website at [http://research.nhgri.nih.gov/dog\\_genome/](http://research.nhgri.nih.gov/dog_genome/). Diagnosis is confirmed by histopathology of the affected digit. To enter a Standard Poodle with Digital SCC into the registry, please contact: Lynn Wilkes at [anessa-ava@cogeco.ca](mailto:anessa-ava@cogeco.ca).
