“ANY POODLE REGARDLESS OF COLOR, THAT EXHIBITS EXEMPLARY HEALTH TEMPERAMENT AND CONFORMATION DESERVES A VENUE IN WHICH TO BE VALIDATED”

*The MCPCA (Multi-Colored Poodle Club of America) Official Newsletter
A UKC Sanctioned Club since May 5, 2005*

From The President's Desk.....

Hello Everyone!!

Wow! September is upon us already.

Where did the summer go? While I might briefly lament the passing of Summer, I have to be honest and say that Autumn is my favorite season. I love the warm days with a hint of crispness. I love the color changes. I'd be fine if fall lasted until 2 days before Christmas and then spring started on New Year's Day.

This is a great time of year to be outdoors doing fun things with our poodles. I'd love to hear about any of you that are out hunting with your sidekicks. We used to do hunt tests with our Labradors years ago and it's one of the things I really want to get back to with our poodles. It's such a thrill to watch them work the field or hit the water. Retrieving is such a game for them they really don't see it as work.

So let's get out there and enjoy all this season brings - training, breed and obedience shows and trails, long walks along a favorite trail or path, hunting, and just plain old companionship.

Fall is the season to get up and go!

Regards,

Karen Scopel

UKC SHOW BRAGS

from Karen Kearney of Ciel Poodles....

Skye earned her **GrCH** title in Marion MA on 8/14/10 under none other than Matthew Proctor! She won over a GrCH and another CH for the title (there were 3 including herself).

She also picked up her first **UWP legs** in Haddam CT the following weekend with a 552 (on tight rails) and a 678 (they tweaked the rails).

Skye is **GRCH Akira's Pirouette in the Skye**

Chaz pulled 930 on the tight rails Saturday and placed 4th in his weight class over Pit Bulls. On Sunday he pulled 1434 after they tweaked the rails. I found out he now has 20 points towards his UWPCH and 20 All Star Points.

PRACTICAL POODLE POSTSCRIPT.....

Do you want that Perfect Poodle Puppy?

If a new poodle puppy is in your plans now , remember that pet dog trainers recommend that a puppy should meet 100 different people, of both genders, all ages, sizes, ethnicities, with and without facial hair, etc. by 16 weeks of age to promote confidence and sociability. Just be sure that the introductions take place in a disease-free environment until the puppies immune system is fully developed.

And to make your puppy and dog walks a “pull-free” zone try this – When your dog pulls on the leash, stand still, otherwise he’ll get the idea that pulling gets him to where he wants to be. Bring him back to your side and give a treat. Then as you start to walk, give a small treat with every step. If he moves ahead, turn and go the other way. If the leash tightens, stop until he looks back and give a treat when he returns to your side.

These simple suggestions may get you on the road to raising that perfect poodle puppy.

If members have ideas for future practical poodle postscripts be sure to share your suggestions with the newsletter staff.....
